Account Access Guide

This fictional guide explains how employees sign in to Lumora Workspace. Product: Lumora Workspace

Signing In

Sign in at the Lumora sign-in page with your work email address and password. Single sign-on users select Continue with SSO instead.

Password Reset

If you forgot your password, you can reset it yourself:

1. Open the sign-in page and select Forgot password.
2. Enter your work email address and select Send reset link.
3. Open the email and select the reset link.
4. Choose a new password that has at least 12 characters.

Reset links expire after 30 minutes. If a link has expired, request a new reset link.

Account Lockout

After 5 failed sign-in attempts the account is locked for 15 minutes. Locked accounts unlock automatically when the lockout period ends.

Multi-Factor Authentication

Multi-factor authentication is required for all accounts. Employees can register an authenticator app from Settings > Security.
